

We Did It!

Thank you for all of your hard work this year in helping us exceed our revenue goal of \$23.9 billion! After an up-and-down performance relative to budget through May, in June we pushed above 100 percent of budget and never looked back.

Together, we proved that when USP puts its heart and mind to achieving a target — and remember, we've helped improve the health of about 100 million patients, or one out of every three Americans this past year — we can meet and even beat our goal.

Sincerely,

Peter Brandt
